PART II. Business Information

ITEM 1. Industry Classification

	Not Applicable
Sector	Technology
Industry	Software and Services
Sub-industry	Infrastructure and Platform
Categories	<ol style="list-style-type: none"> 1. Platform 2. Cryptocurrency 3. dApp 4. Application Development 5. Decentralized Exchanges

ITEM 2. Industry Description

2.1 Industry Overview

The aim of the 8X8 PROTOCOL consists in the 'realization of the value of decentralization' as the basis of the blockchain technology on top of the stabilized economic foundation. Though it was begun by a specific agent (ISOFT PARTNERS N.V.), it is the future vision envisaged by the 8X8 PROTOCOL to delegate all of the authorities to the community in the end.

2.2 Recent Trends

(1) Token Economy Trend

There already exist in the market the blockchains no different from the public goods which can be used by a multitude of people. Moreover, through the trials and errors in the meanwhile, it was ascertained that the core of the blockchain lies in the persistent token economy to create the business value rather than the technology itself.

2.3 Target Market Size

8X8 Protocol Project is the new concept decentralized fundraising platform for Dapps development based with deflation token economy. So, we sure that this will be the game changer for changing to the blockchain market satisfying everyone.

2.4 Target Customers

Everyone who want to make realization of the real decentralization value!

2.5 Competitors

2.5.1 Existing Industry Competitors

The following sets forth certain information regarding the company's conventional competitors already established within the industry as of 2020-06-02:

New platform

Description	8X8 Protocol has designed to the new format of token economy in comparison with almost all current platforms in blockchain market. So, it will become a good substitute in the current blockchain market!
-------------	---

2.5.2 Token Project Competitors

The following sets forth certain information regarding the company's competitors that have implemented Token economics as of 2020-06-02:

No data available

ITEM 3. Project's Business Model

3.1 Business Description

3.1.1 Revenue Model

Deflation business model

3.1.2 Platform or Application Overview

General platform description

No Input

Functions of the solution

The 8X8 Protocol platform aims for a deflation model. Dapp, developed on the basis of thorough ROI analysis, creates more deflation than the cost invested, resulting in a continued decline in retail volume, which in turn drives price increases.

User pain points

No Input

3.1.3 Product/Service Line Description

- TEAM 8 Management

Team 8 refers in aggregate to the individuals or organizations which gathered for comprising the fundamental ecosystem of the 8X8 PROTOCOL and fulfills the duties to develop and implement the commercial services necessary for the 8X8 PROTOCOL based on the support of project resources from ISOFT PARTNERS N.V.

3.1.4 Competitive Advantage

The figure '8' in the name of the 8X8 PROTOCOL symbolizes the eight agents comprising Team 8 and each agent was selected by ISOFT PARTNERS N.V. based on the capabilities for implementation of the project. As the project alliance, the organization of Team 8 has the experience to have already developed and progressed the blockchain projects and, by way of this, came to hold a considerable level of technology and the knowledge necessary for the blockchain.

3.1.5 Intellectual Property

No Input

3.2 Partnerships

▶ Alliance X

Counterparty Website	alliancex.io
----------------------	--------------

Counterparty Description

As its major role, AllianceX carries out the marketing activities to publicize the project to the public in the world in the first instance by listing EXE tokens at the exchanges after screening the notable ones. By way of this, it aims to procure the support group for the project with a high loyalty.

In addition, it also creates the community group with which to share the sound growth together and progresses the marketing activities appropriate to the characteristics.

Project Status

Development Stage

Development of the platform and business operations have been or will be funded through the following sources

Initial token sale(Public and Private)

Sale of tokens from team's pre-mined or pre-allocated reserves post initial sale

Direct revenue from operating proprietary network or platform (subscription fees, usage fees, and transaction fees)

Plan or Strategy to expand platform or token

Stage 1 - The introductory stage where the fundamental ecosystem is established for the 8X8 PROTOCOL based on the initial resources raised through ISOFT PARTNERS N.V.

Stage 2 - ISOFT PARTNERS N.V. circulates the additional EXE tokens in consideration of the extent of deflation and the market environment and, with the resources procured by way of this process, continues to support the new projects.

Stage 3 - 8X8 PROTOCOL begins to be operated by the holders of EXE tokens but not by a specific agent any longer as well as the time when the substantial conversion to decentralization occurs.
